# WHAT IS INCLUSION?

- ▶ an action or state of including or being included within a group of structure
- ▶ It does not only refer to children with disabilities, it includes also children that feel neglected, have trouble with learning and poor children
- ▶ Main goals :
  - developing tolerance among all children
  - respecting diversity and improving social relations

# Inclusion is regulated by the:

- Disability Education Act in primary and secondary education, Official Gazette 24/2015.
- National Strategy for the Equalization of Opportunities for Persons with Disabilities

- Aim:

„To provide infrastructural support to students with disabilities by establishing a network of referral centres and the establishment of mobile professional teams and the provision of teaching assistants.“

# INCLUSION IN OUR COMMUNITY (Labin)

## ► Level of inclusion:

- 1) Centre for Inclusion and Support
- 2) School for disabled children - Centre „*Liče Faraguna*”
- 3) creative workshops for the disabled

# INCLUSION IN OUR SCHOOL

## ► How do we implement inclusion?:

- provide assistants for students with learning differences
- we do not tolerate violence in our school
- ensure equal opportunities to all students to participate in projects

# 1) CENTER FOR COMMUNITY INCLUSION AND SUPPORT

### 3. CREATIVE WORKSHOP

#### GOALS

Improve life quality of children through socializing, creative expression and various inclusive activities.

Provide participants with an environment that fosters their individual needs and wishes.

#### VOLUNTEERS

Volunteers are secondary school students who selflessly spend time with the children.

Children with disabilities attend workshops: drawing, pottery, social games, ball games, workouts using mats, listening to music
